Hi,

I don't know if it was you or someone else in NOAA who caved into Trump's desire to be right....but you, or whoever it was, removed a lot of credibility from NOAA by showing yourself as a political lackey and not telling the truth in creating Trump's new Hurricane Dorian map marked with a Sharpie. I hope you or whoever it was feels proud to serve America... um... I should have written "screw" America.

Sincerely,
