Field Directors,

First -- thank you for working closely with your teams during Dorian, and on issues that they may have concerns about. I wanted to let you know directly that Kevin Cooley, John Potts and I will be making short appreciation calls to several centers and forecast offices today just to provide a direct contact and reassurance from NWS HQ leadership of our support to them. This is meant to be additive to your efforts, and we will acknowledge our confidence in your leadership and support for those efforts as well.

Feel free to contact any of us with any comments or questions.

Best,
Mary

Hi Mary and Louis,

Here are the phone numbers for the WFOs, CWSUs, and RFCs that have dealt with Dorian. Additionally, I have listed the phone numbers for the National Centers. These numbers will likely lead to a phone tree, in which you will have to select the option to speak with a forecaster. If you need any additional numbers, please let me know.
