Hi Gary,

I've written you before with genuine appreciation for the fine contributions made by you in OR&R and everyone in NOAA.

So please accept Neil's reply as a sincere acknowledgement of a press release we did not approve or support. You know from my multiple messages to you and your colleagues that we respect and stand behind your service and scientific integrity.

With gratitude and respect,

Rear Admiral Tim Gallaudet, Ph.D., U.S. Navy (ret)

Assistant Secretary of Commerce for Oceans and Atmosphere/
Deputy NOAA Administrator

>> I am a 40-year NOAA scientist. Please address this crisis in moral leadership our agency is facing. I think you know very well what an incredible group of dedicated employees you have. Please reassure those of us who serve the public, and do so with commitment and humility that we are not mere pawns in an absurd game. Please do not allow the science and support that we perform on behalf of the American public to be tossed into the trash heap by political expedencies. Please support us and stand with us. Please.
