What is the white line around the thicker blob, for example here on Aug 30 where it just scarcely touches a corner of the Alabama border: [https://www.nhc.noaa.gov/archive/2019/DORIAN\\_graphics.php?product=5day\\_cone\\_with\\_line](https://www.nhc.noaa.gov/archive/2019/DORIAN_graphics.php?product=5day_cone_with_line)

Is that all part of the cone too?
